

Stats 231A – Machine Learning

University of California, Los Angeles

Duc Vu

Fall 2021

This is stats 231A – an intro graduate level course on **Pattern Recognition and Machine Learning** taught by Professor Wu. We meet weekly on TR from 3:30 pm to 4:45 pm for lecture. Other course notes can be found at my [blog site](#). Please let me know through my [email](#) if you spot any typos in the note.
